## **PROJECT DIRECTOR'S** *MESSAGE*

It was my long obsession to develop a school system that must meet students' physical, mental and spiritual strength and make them the most productive and responsible citizens of Pakistan. I am thankful to the Chairman & CEO of the group to deliver my passion as Unique Schools & Academies under the umbrella of Unique International Educational Services (UIES). The core purpose of this collaborative project is to create a network of standardized quality schools across Pakistan by focusing on the global needs in education with a social responsibility. Further, we will ensure quality at the most economical cost so, all segments of our society shall benefit from our schools. I wish to deliver all my learnt experience as per parents' dreams which is our prime responsibility.

**Prof. Iftikhar Ahmad Sheikh**  
Project Director UIES

# Philosophy of **UIES Schools & Colleges**

The UIES' Schools & Colleges, is a blend of local and international education designed to facilitate students with the latest standards of global education. To ensure quality education the group focuses on:

- Learners who are healthy, well-nourished and ready to participate and learn;
- Environment that is healthy, safe, protective and provide adequate resources and facilities;
- Content that is reflected in relevant curriculum and materials for the acquisition of basic skills for life, and knowledge in such areas as gender, health, nutrition, and peace;
- Processes through which trained teachers use child oriented teaching approach in well-managed classrooms and skilful assessment to facilitate learning and reduced disparities.
- Outcomes that encompass knowledge, skills and attitudes, and are linked to national goals for education and positive participation in society.

# SCHOOLS WITH IN A SCHOOL

## Pre-School

(Play Group to Prep)

Our Pre-School features focus on what's critical to the child, family, teacher, curriculum, and classroom, so we ensure that students must experience:

- Active & effective exploration of the environment
- Self-directed hand-on learning practices
- Balance between group and individuals activities
- Regular and supportive interaction with teachers and peers
- Balance between active movements and quite activities

# PRIMARY & MIDDLE SCHOOL

CLASS 1 TO CLASS VIII

Our Primary School's objective is to focus on developing student's by negating their background for their under- achievement. We believe in steady development through care and socially built interaction of students and teachers. Our Primary Schools deliver the following for quality education:

- They provide affections, stability , a purposeful and structured experience;
- They build and often rebuild children's self-belief;
- They teach children the things they really need to know & show them how to learn for themselves and with others;
- They give them opportunities, responsibility and trust in an environment which is both stimulating and humanizing;
- They listen to their pupils, value their views and reflect and act on what they say;
- They build bridges with parents, families and communities, working in partnership with other professionals,
- They ensure their pupils progress as fast as possible and achieve as much as possible and, they put the child at the centre of everything they do.

# High School

## Class IX to Class X

All previous learnt experience is consolidated by focusing on the required attitude as per prescribed national curriculum. Students' teacher interaction is ensured in all school's activities and they are developed on morals, and social skills. More focus is given to their studies, so they may perform well in Board exams (BISE) and secure good marks for their eligibility to the intermediate admissions.
